Professional Summary

I have had a fulfilling and rewarding career as a Registered Nurse, enjoying some of the many different opportunities offered within the scope of my profession. I have developed many different skills ranging from the clinical skills needed to perform my job competently, to the listening ear and comforting tone required to perform my job in a manner which keeps my patients at ease in a time which may be difficult for them.

Work Experience

Case Manager at Bayada Home Health

FALLS CHURCH VA

Feb 2021 - Present

I am a Case Manager following the geriatric population residing in various assisted living/independent living facilities. I provide education and assessment on various medical issues including Congestive Heart Failure and Diabetes. I also provide and manage care of wounds including pressure ulcers, stasis ulcers, and traumatic ulcers.

Case and Clinical Manager at Virginian Home Health (Now Goodwin House Home Health)

FAIRFAX VA

Jan 2009 - Feb 2021

I started at The Virginian Home Health as a Case Manager, holding the responsibilities of following patients from the start of services through their discharge from the agency. In that role I functioned as the eyes and ears of the MDs, contacting them at the onset of observation of developing health related issues. My scope of practice included complete assessment of all body systems, medication education and management, phlebotomy, infusion, PICC line care, wound care, wound vac, cardiac and diabetic education and management, OASIS documentation.

From 2017 through 2019 I assumed the role of Nurse Clinical Manager, supervising the clinicians, managing schedules, reviewing documentation along with some coding. It was a good experience but after doing it for a time, decided I preferred to be in the field, taking care of my patients.

.

Registered Nurse at Lifematters

Falls Church Virginia

Aug 2007 - Jan 2009

Per Diem employee, forming care plans with patients and their families for home health aides, privately hired to assist them in their homes. Also conducted every 60 day supervisory visits to ensure quality of care was being met

Case Manager at Professional Healthcare Resources

Annandale Virginia

Apr 1998 - Dec 2008

Employed as a home health nurse, conducting visits on the geriatric population, acutely or chronically ill, post hospital or rehab discharge. Also shared in the on call pool, responding to after hour needs.

PRN Home Health Nurse at Interim Health Care

Fairfax Virginia

Feb 1995 - Mar 1998

Home visits on a per diem basis.

Floor Nurse/Neurosurgery at Georgetown University Hospital

Washington , DC District of Columbia

May 1987 - Feb 1992

Staff nurse on the Neurosurgical Step Down Unit. Performed all aspects of patient care including pre and post operative management and education.

Staff Nurse at Beth Israel Medical Center

New York, New York

May 1985 - May 1987

Staff nurse on the ENT Unit, then the Neurology Unit. Performed complete patient care including pre and post operative functions and discharge teaching.

Education
